

- USA Water Polo Insurance Coverage Summary and FAQ's -

USA Water Polo Secondary Accident Insurance

- Provided by Chubb Group -

What insurance coverage comes with my USA Water Polo Membership?

USA Water Polo athletes, coaches and referees are covered with secondary accident insurance policy. A secondary policy may cover what a primary insurance policy does not cover. Here is a summary of the coverage...

Accident Medical Expense: \$75,000

Dental Benefit Amount \$75,000

Physical Therapy Benefit Amount: \$5,000

Orthopedic Appliance Benefit Amount: \$5,000

Accidental Death and Dismemberment \$25,000

Deductible: \$250

How do I file an injury claim?

Contact the USAWP National Office and they will send you a claim form to fill out and send to the insurance company.

Is there a deductible to file a claim?

Yes, there is a \$250 deductible per claim. Keep in mind that if you have used primary insurance coverage for the same accident, you can recoup the primary's deductible on the secondary claim. So to clarify, if the participant has their own insurance with a deductible, USAWP's secondary insurance will pay their deductible.

Is travel to and from sanctioned practices and events covered with my USAWP General Liability Insurance or Secondary Accident Insurance?

No, only activity in and around the pool facility is covered.
